SCHOOLS TOUR

**ALL IT TAKES IS
ONE DECISION**

FT. REGGIE DABBS

iDECIDE SCHOOLS TOUR

May - June 2020

The iDECIDE School Tour will return again in May - June 2020 joined with one of the world's most sought-after youth communicators, Reggie Dabbs.

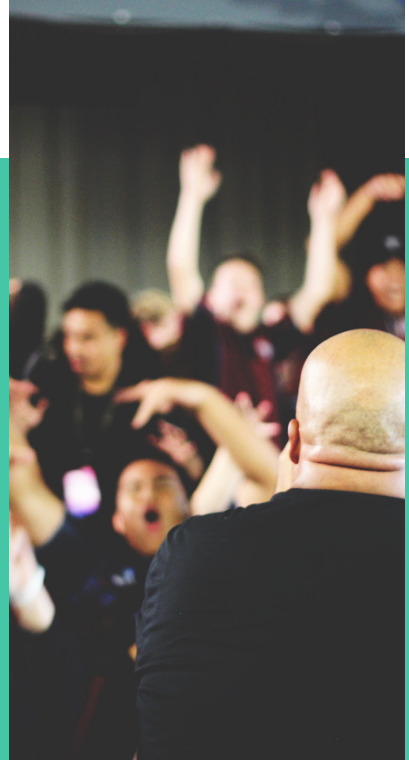

This curriculum-based program features seminars packed with energy, humour, music, dance and loads of real talk. The seminar content is specifically created to help combat the challenges young people face every day - bullying, depression, suicidal thoughts, low self-efficacy and personal resilience.

Students that attend an iDECIDE School Tour Seminar will be challenged to consider how they use their words and actions to bring positive change to their world.

We have been on the road since 2010, speaking hope and life to private and public schools throughout Brisbane, regional Queensland, Adelaide and Launceston.

In 2020, we would love for you to consider partnering with us, and together we can see a generation of young people rise up and no longer be a victim to their issues, but a positive voice to those around them.

**iDECIDE is a program of non-profit organisation
iSEE CARE www.iseecare.com.au**

ABOUT REGGIE

For more than 20 years, Reggie has spoken with hundreds of thousands of students in Australian schools. Reggie's unique blend of humour, music (he plays saxophone professionally) and an incredible personal story of perseverance, gets students to seriously think about the decisions they make.

Raised by foster parents, Reggie understands what it is like for kids who are struggling with adversity. Reggie's foster parents instilled in him strong values and the fact that in every situation he faced, he had a choice. What he did with those choices was entirely up to him.

Reggie shares with students often, ***"You can't change your past, but you can change your future"***.

You had a direct impact on my students...

"I've been bullied my whole life and I was ready to give up on life this week but I haven't because you said if you could make it, so could I."

School Student

"You had a direct impact on my students. Your charismatic presentation was both effectual and influential. The students did listen and they did act."

Allan Evans, Principal

Seminar Information - 2020
